No: HPPCL/SKHEP/DGM (Eelct.)/Env./2021-22-500-02

Dated :-14/6/2021

Dr. S.C. Katiyar, Scientist 'E'. Govt. of India, Ministry of Environment Forest & Climate Change, Regional Office, 25, Subhash road, Dehradun-248001.

Subject: - Submission of Six Monthly Environment Safeguards Compliance status report for the reporting period 01-10-2020 to 31-03-2021.

Sir,

DA: As Above.

Enclosed please find herewith Six Monthly Environment Safeguards Compliance status report for the reporting period ending 01-10-2020 to 31-03-2021 in respect of Sawra Kuddu HEP (111MW).

This is for your information please.

Yours faithfully,

Dy. General Manager (Elect.), Sawra Kuddu HEP (111MW), HPPCL, Hatkoti.

Copy to the following along with enclosure for information please: -

- 1. The Chief Environment Specialist, Himfed Bhawan, HPPCL, Near BCS, New Shimla-9.
- The Sr. Manager(IT), HPPCL, Himfed Bhawan, HPPCL, Near BCS, New Shimla-9 for uploading of report on HPPCL website w.r.t. Chief Environment Specialist office letter No. HPPCL/ESMU-2/IKHEP/Vol-V/2016-1327-32 Dated 22-03-2016. DA: CD containing Soft Copy of Report.

Compliance Status Report of Environment Safeguards

Six monthly Environment Compliance

Reporting Period: w.e.f. 01-10-2020 to 31-03-2021

Submission: -June, 2021.

A	. <u>Environment Safeguards implementation reports</u> (111MW) for the period w.e.f. 01-10-2020 to	
S. No.	Environment Safeguards Conditions	Action Taken/Reply
1.	Component wise Construction Status of the project and Commissioning Schedule.	Attached as annexure-1(A,B&C).
2.	Physical and financial progress of CAT Works during the reporting period.	Till Now a sum of 6.62 Crore has been deposited with the forest department. Balance funds shall be deposited as and when demanded by forest department.
		As per information supplied by DFO plantation of 42932 no trees have been shown covering the area of 39.03 ha under CAT plan works. Up to date financial progress is Rs. 5,30,31,767/- only.
		The Physical/Financial progress for the quarter ending Dec. 2020 & March 2021 has been received showing financial progress as 2,87,940 & 6,95,460/-respectively (Attached as Annexure-2&3).
3.	Physical and financial progress on implementation of resettlement and rehabilitation Measures.	Attached as annexure-4.
4.	Up to date information on the project in 13 point data sheet (A copy may be downloaded from the website <u>http://nrodmoef.gov.in</u>).	Attached as annexure-5.
5.	Latest monitoring reports in respect of ambient air quality, noise level, ground water quality, biological/ chemical oxygen demand (BOD/COD) and coliform count of surface water, etc., carried out by HPSPCB.	Attached as annexure-6.
6.	Comprehensive physical and financial progress about disbursement of medical facilities to the workers.	Sawra Kuddu HEP (111MW) has been commissioned on 21.01.2021.All the labour camps have been dismantled. Local Govt. Health centre has been strengthened to provide medical facility to project construction workers. The doctors and local representatives suggested that the laboratory shall be opened at the Primary Health Centre (PHC) at Sawra. These equipments were procured

7.	Up to date detail about the quantum of crate work/ wire crate works/ breast wall etc. at different dumping sites.	from PMFMC account amounting to Rs.3.0 lacs. The procurement of these lab equipments has been done and put to use for general public at primary health centre Saraswati Nagar. In total 1025.50 running meters of retaining walls have been constructed (4927 Cubic meter) to prevent landslides till date (i.e. 31-03-2021). This is a continuous process and wherever need is felt retaining structures are erected to keep the slopes stable.
8.	Information on the dumping sites which have been fully utilized and now stopped for further dumping. In such cases the rehabilitation work should be completed and the sites should be returned to the Forest Department. Action taken so far in this regard may be intimated.	The excavated muck from excavations is being dumped in designated dumping sites duly compacted and protected by providing stone wire crate walls/retaining walls to prevent its slippage into natural drainage system. Muck has been allowed to be lifted for utilization by other Govt./ Non- Government agencies and there are chances that in near future whole of the muck would get recycled and sites restored to their original shape. Stabilization measures include both engineering and biological measures. While the engineering measures have already been completed as per need, the biological measures are being taken up with assistance and guidance of HPFD. . As per EMP of Sawra Kuddu HEP the work of rehabilitation of dumping sites is to be done by Forest Deptt. as deposit work on behalf of Sawra Kuddu HEP .Forest department is in process of preparing estimate for carrying out rehabilitation work on dumping sites through biological measures.
9.	Upto date figures for allocation of funds for different Environment Management Plan along with utilization of funds.	Up to date expenditure detail has been attached as Annexure-7 .
10.	Upto date physical and financial progress on afforestation including location area covered by plantation and number of plants planted till date.	Compensatory afforestation over an area of (108.00 + 1.3884+ 0.6944) i.e. 110.08 Ha. Compensatory afforestation over 108.0 Ha. area of land was done till year 2007-08. Additional area of 2.088 ha was brought under CA during quarter ending 31-03-2014. Till date utilization of Rs.56,48,698/- has been shown by HP forest department. Upto date Rs. 72.87 lacs have been deposited with HP forest department on this account.

11.	Physical and financial progress on fisheries development.	1 st instalment of Rs. 31.0 lacs have been released to HP fisheries Department for providing alternate water supply to Dhamwari Trout Farm. Rs. 31.00 Lacs has been utilized till date as per the utilization certificate provided by the Fishery Department.
12.	The information on number of labours engaged by different contractors, quantity of free fuel supplied and expenditure incurred in the following Performa for the period w.e.f. 01-10-2019 to 31-03-2020.	Sawra Kuddu HEP (111MW) has been commissioned on 21.01.2021.All the labour camps have been dismantled.
13.	The information on number of labourers medically got checked by different contractors, expenditure incurred on medicines and other medical facilities in the following Performa for the period w.e.f. 01-10-2019 to 31-03-2020.	Sawra Kuddu HEP (111MW) has been commissioned on 21.01.2021.All the labour camps have been dismantled.
14.	Detail of social welfare measures and other schemes being run for the locals and project affected people.	The information is annexed as annexure-4 .
15.	Newspaper cutting of the advertisement about environment clearance given in the newspapers.	Insertion in the Newspapers was made as desired.(Annexure-8)
16.	Measures being taken to release at least 15% of water downstream during lean season period.	The discharge is being monitored/ maintained during the operation phase of the project & arrangement for passing of such minimum discharge has been put in place. Fish pass has been constructed. In addition, an environment flow pipe of dia. 600mm has also been embedded in the structure. Discharge is being regulated as per norms during operation stage.

B. Environment clearance

Environmental Clearance for Sawra-Kuddu (111 MW) HEP was accorded vide Additional Director GoI, MoEF letter No. J-12011/13/2006-IA-I dated 17th May, 2007 (Annexure 9).

Compliance status of conditions of Environment Clearance is given in the following: -

		fish ladder has been made in the Barrage. As per policy of the State Govt. 15% discharge of lean season will be ensured in the river at any given time. Since majority of structures are underground hence flora is not getting affected. Hence Biodiversity Plan is not prepared. In any case inspection for poaching of wildlife species is being carried out.
vi)	All the equipments which are likely to generate high noise levels are to be fully mollified (Noise reduction measures).	Being implemented by ensuring proper maintenance of machinery/by creating barriers/enclosures around the stationary machinery/equipment. All moving machineries and equipment are provided with silencers to avoid high noise levels. DG sets with noise suppressing jacketing installed.
	<image/>	srsing jacketing & installed in Sheds
vii)	Consolidation and compilation of the muck should be carried out in the muck dump sites and the dump sites should be above high flood level.	The Muck Management Plan as part of the EMP is being implemented and all the muck sites are more than 6 m high above the HFL. The dumped muck is being levelled &compacted simultaneously ,engineering structures provided for retaining the same. While the engineering measures have already been completed as per need, the biological measures are being taken up with assistance and guidance of HPFD. . As per EMP of Sawra Kuddu HEP the work of rehabilitation of dumping sites is to be done by Forest Deptt. as deposit work on behalf of Sawra Kuddu HEP .Forest department is in process of preparing estimate for carrying out rehabilitation work on dumping sites through biological measures.Muck is also being utilized by other Government/Non-Government agencies and there are chances that in near future whole of the muck would get re-cycled and sites restored to their original shape.

2	Part-B- General Condition	
i)	Adequate free fuel arrangement should be made for the Labour force engaged in the construction work at project cost so that indiscriminate felling of trees is prevented.	LPG provided in labour camps by the contractors and subcontractors of HPPCL to prevent tree felling for the purpose of fuel-wood. No incident of tree felling for the purpose of fuel wood has been observed Wood is not being used as fuel for cooking food. Community/common kitchens are being run by contractors where food is cooked for staff and workers. Till date quantity of 180490 Kgs LPG & 165684 litres of diesel has been provided to community kitchen /mess at all locations by the contractor. Sawra Kuddu HEP (111MW) has been commissioned on 21.01.2021.Therefore all the labour camps has been dismantled.
ii)	Fuel depot may be opened at the site to provide the fuel (Kerosene/wood/LPG). Medical facilities as well as recreational facilities should also be provided to labourers.	 The Sawra Kuddu HEP (111MW) has been commissioned on 21.01.2021.Therefore all the labour camps has been dismantled. HPPCL dispensary at Power house site has been made functional and a pharmacist deployed to check labourer and local public.
		 DISPENSARY- Image: Dispensary at Power House site, Snail Ambulances have been provided at every work site for emergency evacuation of workers if any. Local government health centre has been strengthened to provide medical facility to project construction workers. Satellite TV dishes have been provided.

		RECEIVED 10 18-09-2013 14 49
		Ambulance and dispensary Facilities at work site
iii)	All the labourers to be engaged for the construction works should be thoroughly examined by Health personnel and adequately treated before issuing them work permit.	All the Main contractors are directed to follow up instructions regarding Health personnel and adequately treated before issuing them work permit. Periodic medical checks are being done. No occupational diseases have been noticed. The workers working at crushers and batching plants (who are more exposed to dust and cement) are being observed periodically for any occupational diseases. Since the project has been commissioned on 21.01.2021.Therefore all the labour camps of barrage and HRT have been dismantled by the contracting agencies.
iv)	Restoration of construction area including	Muck in the dumping sites is being levelled &

		muck would get re-cycled and sites restored to their original shape.
v)	Financial provision should be made in the total budget of the project for implementation of above suggested safeguard measures.	A provision of Rs 19.36 Crores has been kept for implementation of the EMP which includes the cost of implementation of these safeguards. The costs are in-built and additional costs are being taken in the revised cost estimate of the DPR. However, it is assured by the management that adequate funds for implementation of EMP shall be made available. So far up to (31-03-2021), Rs. 224.886 million have been spent against Rs. 193.583 million i.e. the total cost of implementation of EMP.
vi)	A multidisciplinary committee should be constituted in consultation with the Ministry with ecologists, environmental scientists, Conservationists and experienced administrators etc. to oversee the effective implementation of the suggested safeguard measures.	The committee has already been constituted to oversee the effective implementation of suggested safeguards measures. However, in addition to this the Project Implementation Committee constituted at project level is also looking after the various Environmental aspects.
vii)	Six monthly monitoring reports should be submitted to the Ministry and its Regional Office Dehradun for review.	Report is being submitted on regular basis.
3	Official from Regional office MOEF Chandigarh who would be monitoring the implementation of environmental safeguards should be given full co- operation, facilities and documents/data by the project proponents during their inspection.	HPPCL commits to provide full cooperation and data supply, as and when demanded. Officials of state pollution control board pay regular visits to the project and their suggestions/directions are complied with. All the information sought by regional office is being provided in time bound manner.
4	The responsibility of implementation of environment safeguards rests fully with the PVPCL & Govt. HP.	Agreed and being complied with.
5	In case of change in the scope of the project, project would require a fresh appraisal.	There is no change in scope as per the EIA notification'2006 vide clause 7(ii) as there is no change in project parameters. This situation is also cleared by the MoEFCC vide their affidavit in National Green Tribunal dated 28 th October, 2015.
6	The Ministry reserves the right to add additional safeguard measures subsequently, if found necessary and to take action including revoking of the clearance under the provision of the Environment (protection) Act, 1986 to ensure affective implementation of the suggested safeguard measures in a time bound and satisfactory manner.	Safeguard measures as suggested are being implemented & additional safeguards measures if any suggested subsequently will also be implemented.
7	This clearance letter is valid for a period of five years from the date of issue of this letter for commencement of construction	In terms of date, the letter is valid up to for 16.05.2012 for commencement of works. Construction work has already begun with in

	work.	stipulated date and the MoEFCC has been intimated in this regard.
8	A Copy of the clearance letter will be marked concerned Panchayat/local NGO's, if any, from who any suggestion/representation has been received while processing the proposal.	Copy of the clearance letter has been sent to concern Panchayats vide letter No. PVPCL/SE/SKCC-DB-SK C.A.T/2007-1301-13 dated 20-07-2007.
9	State Pollution Control Board/ Committee should display a copy of the clearance letter at the Regional Office, District Industry centre and Collectors office/Tehsildar's office for thirty days.	The clearance letter was displayed as stated in this condition.
10	The project proponent should advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the vernacular language of the locality concerned informing that the project has been accorded Environmental Clearance and copies of the clearance letters are available with the state Pollution Control Board/ Committee and may also be seen at the Web site of the Ministry of Environment and Forest at http://www.envfor.nic.in	Insertion in the Newspapers was made as desired.

Extension of Validity of Environment Clearance for Sawra-Kuddu (111 MW) HEP was accorded vide Director GoI, MoEF&CC letter No. J-12011/13/2006-IA-I dated 14th Dec., 2017 up to period of 3 years. (Annexure 10).

Compliance status of conditions of Extension of Environment Clearance is as follows:

Sr. No	Stipulations	Compliance status
(i)	H.P State Forest Department will provide utilization certificate for funds provided under CAT plan and Compensatory Afforestation Programme.	Attached as Annexure-10(i)-A for Utilization Certificate of CAT plan& Annexure-10(i)-B for Utilisation Certificate of Compensatory Afforestation Programme.
(ii)	Component -wise details on funds allocated towards EMP with cost revised to current price level to be submitted.	Attached as Annexure-10-(ii)
(iii)	Details on total muck generated from the project and total muck utilized and also total land area of muck dumping sites to be submitted.	Attached as Annexure-10-(iii)

Some photographic record of Environment Measures.

С.	Fulfilment of commitments made in Public Hearing – I & II				
S.	Issues raised	Commitment at the time of	Compliance Status		
No.	TI I I I	consultation/hearing			
A		at Hatkoti on dated 15.06.2			
1	Water sources in the project area should be inventoried by the project authorities in consultation with the IPH and concerned Gram Panchayats.	inventories the water sources in the project area and damage due	Inventory of water sources and house structures along with photographs in the presence of representatives of IPH Department, concerned Pardhan and Project proponent has been done till November,2017. In total there are 30 no. of water sources. As the excavation of Head Race Tunnel (HRT) was completed in the month of September,2017 so the practice of monitoring of water resources in the project area was discontinued. No instance of drying up of any water resource received/noticed so far.		
2	Provision of beautification of Hatkoti temple should be made:	This work can be covered under the LADA funds earmarked by the project proponent.	 The work of Development/ Maintenance work at Hatkoti Mandir has been awarded amounting to Rs. 16.53 lacs on dated 05-03-2010. Additional funds were allocated and work has been completed at the cost of Rs 28.91 lacs. Rs 10.00 lac deposited with HPPWD Jubbal for widening, metalling and tarring of link road to Hateshwari Temple from Sawra—Rohru road during March, 2009. The utilization certificate amounting to Rs 5.00 lac out of Rs 10.00 lacs received from Executive Engineer Jubbal. Work has been completed. Total Rs. 24 lacs have been released for construction of water storage tank on hill for regulating the water supply to temple Complex and for surrounding area. Work has been completed. 		
3	LADA should comprise local people and nomination of local people should not be on political consideration.	The LADA Committee headed by the Deputy Commissioner.	The body has been nominated by D.C. Shimla in which local representatives are included. Works recommended by Gram Sabha are only covered under LADF.		
4	Provision should be kept for construction of crematoria.	been kept in CAT Plan and also this aspect can be covered under LADA funds.	Funds have been allocated. Work of construction of 05 No. crematoria at an expenditure of 22,26,283/- is completed as intimated by the DFO, Rohru.		
5	Employment should be provided to the local people.	Since, Pabbar Valley Power Corporation is a subsidiary of HPSEB, employment by it for	• Contracts:- 264 Nos. of petty contracts have been awarded to MPAF, PAF&PAA so far amounting to Rs.		

TOT ٦ \mathbf{T} ſ n 1.1 - -

6	Copies of EIA should also be provided to the local Panchayats in project area. Plantation along the roads should be done.	the project shall be largely from the HPSEB. However, the major private contractors shall be bound by the provisions of minimum 70% employment as prescribed by the State Government. It was appraised that the copies of these documents would remain in the office of SDM, Rohru for public perusal even after the Public hearing. Plantation along the project roads will be provided by the Project proponent. As far as the other roads are concerned, this	 894.64 Lacs. 41 Nos. Persons from MPAF/PAF/ PAA have given employment on outsourcing basis by HPPCL so far. The same have been distributed in all the affected Panchayats. Of the total road length of 11.50 km, plantation along 6.25 km has been carried out So far.
8	The construction debris and muck produced should be properly managed in the designated dumping sites.	may be considered under LADA funds. The EIA/EMP has been prepared and total generation of the debris has been duly estimated including the quantities to be reused for construction purpose. The debris shall be properly checked by constructing adequate retaining structures ensuring that the water quality/flow or land is not affected due to disposal of debris.	The generated muck from the project sites is being dumped in the designated dumping sites, well protected by providing wire crates & retaining structures. For the purpose five numbers dumping sites have been identified and the muck had been dumped at these sites besides at Sawra College ground. Muck has been allowed to be lifted for utilization by other Government/Non- Government agencies and there are chances that in near future whole of the muck would get re-cycled and sites restored to their original shape.
9	Social intrusion is apprehended due to migratory labour.	1	Separate labour camps have been constructed near the work sites for migratory labour. Minimum distance of any camp is one Km from nearest habitation.
10	Migratory labour should be provided proper health and educational facilities for their children;	Local infrastructure in terms of health & education may be used and provision of its strengthening shall be made through LADA funds.	 PHC Sawra strengthened with the installation of X-Ray Machine purchased by CMO, Shimla for the amounting Rs 5.00 lac released by HPPCL. The meeting of PMFMC was held on 04-06-2014. The doctors and local representatives suggested that the laboratory shall be opened at the Primary Health Centre (PHC) at Sawra. The procurement and installation of these equipments involves 3.0 lacs from PMFMC account. The committee approved the demand and procurement of equipments has been done and put to use for general public at primary health centre Sawra.

			 Medical camps are also being organized in the area with the R&R training-cum-awareness camps. Infrastructure of CBSE affiliated School (DAV school) at Sawra strengthened by giving one-time financial assistance of Rs 10.00 lac to facilitate assured admission and concessional education to ward of Project affected families, PAA & HPPCL staff. 5 rooms have also been provided in HPPCL colony at Chauri (Snail) to run the Primary section of CBSE pattern (branch of DAV Public School). 2200 Sqm Land has been identified for school Building at Snail.
11	Resettlement & Rehabilitation Plan is not indicated in the report.	No family is getting displaced. However, people affected to some extent shall be compensated as may be determined by the competent authority.	Standard R&R plan has been prepared on dated 19th January'2009 and being implemented. Project specific Resettlement Plan (RP) has already been finalized and the payment of due diligence is under process.
12	Noise pollution from project activities should be controlled.	Regular monitoring shall be done during the construction & operation phase of project. Moreover, most operation would underground hence noise at ground level would be minimum.	Being implemented by ensuring proper maintenance of machinery/by creating barriers/enclosures around the stationary machinery/equipment. All moving machineries and equipment are provided with silencers to avoid high noise levels. DG sets with noise suppressing jacketing installed. Two crushers and one batching plant have been dismantled due to which the noise as well as air pollution got reduced.
13	Project activities shall not hamper the smooth flow of traffic on the existing roads.	Major components of the project would on the left bank of river Pabbar where traffic flow is much less than that on the right bank. However, traffic due to Project shall be regulated such that it does not cause public inconvenience.	No such inconvenience noticed, so far. However, if it takes place, regulations of project vehicles and traffic shall be done.
14	Suggestionsfromotherdepartmentsofgovernmentshouldalsobe taken.		Report sent to other departments, no comments received till date.
15	Proponent should organize visit of the people from the project areas to another project	Proponent readily agreed to the suggestion.	The project authorities organized visit of local people to Sanjay Jal Vidyut Pariyojana (Sanjay HEP) and Nathpa- Jhakri HPS to have interactions with local

			The detail of distribution of rest funds is still awaited.	
2	Rehabilitation of affected people and RR Plan	R & R (Rehabilitation & Resettlement) Plan was prepared as per the policy of government in force at the time and provisions as per guidelines of the ADB are incorporated, which will be re- submitted to the State Government for approval at the earliest.	 R&R Plan approved by GoHP. Details of benefits released are as under. 1) Grants: - a) The Self-employment has been given to 20 MPAF / PAF and an amount of 10 Lacs has been released on this account. b) Scholarships amounting to Rs 32,30,400/- released to 338 wards of main PAF. c) I.T.I:- 122 No. Students from the wards of MPAF/PAF/PAA sponsored in different I.T.I,s of H.P. Till date an Amount of Rs. 44,91,103/- has been released on account of fees and scholarships. 2) Employment given so far:- a) MPAF, PAF&PAA:-267No. c) Bonafide H.P:- 705 No. d) Outsourced (MPAF): - 41No. 3) Amount released so far Rs.12,00,000/- to 12 Nos. Community based organizations. 4) Regarding self-employment & safeguards measures are being taken by HPPCL. 	
3	Downstream flow of water from barrage should be 15% where as it has been mentioned as 10% in EIA/EMP report. Why?	The claim was refuted as false and misleading as the downstream discharge from the barrage to be maintained by the project is 15% as per HP Hydro Power Policy and also finds mention in the EIA EMP (paragraph 4.2.1.A and Table-4.2) document.	Now the Barrage structure has reached its final stage where the installation of E- Flow valve is underway for monitoring the release of downstream flow. The provision of fish ladder has been included in the design of the diversion barrage structures. The discharge shall be monitored/ maintained during the operation phase of the project & arrangement for passing of such minimum discharge has been put in place. Fish pass has been constructed. In addition to this an environment flow pipe of dia. 600 has also been embedded in the structure. Discharge is being regulated as per norms during operation stage i.e. from 21.01.2021.	
4	Downstream fisherman from Hatkoti to Snail, only one license fisherman has been mentioned in EIA report. Whereas, as per	License holder Fisherman prior to notification under Section IV of Land Acquisition Act, will be allowed fishing in the submergence area. Strengthening of the hatchery at Dhamwaris (up	As Explained and Matter being monitored regularly. Fishing rights shall be transferred in the impoundment to be created due to the project. The inquiry is in progress. As soon as, any progress is noticed, the same will be	

	his knowledge there are more 50 fisherman license holder exists in	stream of this project) is already provided for in the EIA EMP document. Deputy Commissioner	incorporated in the next safeguards report due.
	the affected area. Why?	Shimla has been requested to hold inquiry regarding the alleged licenses issued after the EIA EMP was prepared or after the section 4 notification. Explanatory Note (added in the proceeding): The section 4 of Land Acquisition Act pertains to the notice of intent of the government to acquire land and this presents the notice of project construction.	First instalment of Rs. 3.10 million has been released to HP Fisheries Department vide Sub-Divisional officer (C), Rohru letter No. RHU/RDR/2009- 1835 dated 03-09-2009 for development of fisheries. Utilization of Rs.31.349 Lacs only (up to the year 2018-19) has been intimated by the Fisheries Department. The funds have been allocated to the execution agency by the Director-cum-Warden of Fisheries.
5	No blasting in the middle of night.	It is assured that blast will not be taken in the midnight particularly after 22:00 hours and before 06:00 hours at least till an appropriate depth is achieved where the impact on the surface is negligible.	As explained the compliance being done. Blasting had being done in delayed & staggered manner. The delay detonator divides total charge to be fired in a round into a number of segmental charges. Very safe and effective blast pattern had been designed which took care of blasting related problems.
6	Gram Panchayat Mandal, Ranwi, Thana are most effect Panchayats there are slide prone area as per HP Geological report. Why this fact has not been mentioned in the EIA report. What effective measures are being taken to tide over this situation?	Since the project activity is to remain confined to underground and the blasting done with delayed and staggered method, it is not likely to initiate a surface landslide. Moreover, all the necessary safety measures will be taken during the construction of the project, keeping in view geology of area.	As explained all necessary safety measures are being followed as per the requirement & geological condition. Retaining structures have been constructed at vulnerable points such as road cut surfaces and so far till now no instance of land slide has occurred.
7	Dumping should be done in waste land not in irrigated land, why it is so.	Dumping sites for the excavated muck has already been identified, which largely is located on barren land but smaller land holdings situate in between or adjacent to muck dumping sites have been included for safety. Some agricultural patches were inevitable.	Dumping of muck is being done in the already identified and approved sites.
8	Irrigation of left out land in Bharot Chak, Management should reply whether the irrigation is provided to left out land what is alternative.	Damaged kuhl (irrigation channel) has been restored by the Project. In future also irrigation facilities to the remaining land shall be made available, if damaged due to project construction.	HPPCL will continue to fulfil the commitment it has given in this regard. Since last restoration no further damage has been noticed.

9	According to policy of Govt. of HP 70% employment should be given to local people. Give detail how much people employed from 7 No. Panchayat of trans Pabbar area.	The policy provision is being complied with and moreover work on all components has not started yet. The components currently being executed required skilled workers which are not available locally. Besides, local people do not want to work on underground components for various reasons including risk to life. A list of local people employed in project would be made available at the project office and also to the SDM Rohru.	So far (till 31-03-2021), a total of 264 numbers of petty contracts have been awarded to PAA/PAZ/PAFs with a total contract value of Rs 894.64 Lacs. In the project 09 No. of vehicles have been hired by HPPCL from local people and additionally 37 No. of vehicles have been hired by contracting firms from local people.
10	Since start of this project. How many times the grievances of Public have been listened.	There was public hearing on dated 15.06.2006. The R & R plan office has been opened to hear the problem of public and to bridge the gap between Public and Project Management. The name, contact details etc. are being notified by the Project Management.	The R&R office/PIO has been opened at Hatkoti to better communication with the PAF/ PAA public and redressed of grievances by concerned officers of HPPCL.
11	Under LADC Sawra Kuddu Panchayat is being offered Rs. 40 lacs on which ground, where tunnel is passing only Rs. 8-9 lacs are being offered to those Panchayats?	All the Panchayat Pradhans have been nominated as Member of LADC and funds are and will be allocated by the LADC in consultation with the nominated member of Project Affected Panchayats.	A distribution formula has been notified by the HPPCL to address these kinds of disputes. Recently the GoHP notified the distribution method with ratio for PAA and PAZ and within PAA as also for various works vide Department of MPP & Power No. MPP-F(10)-24/2011 dated 05-10-2011. Thus, there shall be no such dispute in future.
12	The fund issued against CAT plan is being spent in Rohru area.	First instalment of Rs. 50.00 lac of CAT (Catchment Area Treatment) Plan deposited by HPPCL is with Compensatory Afforestation Management and Planning Authority (CAMPA) of Govt. of India. The requirement of the fund has been sent by the Forest Department to release the payment for implementation of CAT Plan.	In view of explanation given in the hearing (at the time of second consultation) no further action on this issue is required.

		The CAT plan as the name implies is meant for the catchment and not only the project affected area. Normally the area draining is taken for treatment under CAT Plan. However, in this case, the same has been extended down to TRT (Tail Race Tunnel) outlet to give benefit to the project affected areas as well.	
13	The X-Ray machine should be given to PHC. Sawra Kuddu instead of construction of Ghat. The Mobile Health Van hired by HPPCL should be kept at the disposal of doctor of PHC (Primary Health Centre).	Matter will be reviewed, before initiating any action in consultation with project affected Panchayats.	A sum of Rs 5.00 lac deposited with CMO Shimla for purchase & installation of X-ray plant in PHC Sawra and X-ray plant has been installed at PHC Sawra. The meeting of PMFMC was held on 04-06-2014. The doctors and locals representatives suggested that the laboratory shall be opened at the Primary Health Centre (PHC) at Sawra. The procurement and installation of these equipments involves 3.0 lacs from PMFMC account. The committee approved the demand and procurement of equipments has been done and put to use for general public at primary health centre Sawra.
14	When the R & R plan will be started and house should be prepared for houseless families.	R & R Plan was prepared as per the policy of the government and has now been revised to align with the guidelines of the ADB, which will be re-submitted to the state government for approval.	The R & R plan prepared and approved by State Govt. vide letter No. Rev (PC) A (10)-7/2008 dated Shimla-2, the 19 th January, 2009 and the same is being implemented. Project specific Resettlement Plan (RP) has already been finalized and the payment of due diligence is under process. In all, only one (01) person became houseless. Full & final compensation of Rs. 22,62,460/- against the land and structure has already been paid. Houseless grant amounting to Rs. 6,68,750/- Lacs has been released on dated 03-08-2015.
15	Height of barrages has been shown as 9.20 meters instead of 13.50 meters as shown in the web site. Why so contradiction?	The height of barrage has been reduced to minimize submergence (including private cultivated land) and it is now 9.2 meters above riverbed level with a total height of about 13 meters	The height of Barrage varies at different sections depending upon the river bed profile, however FRL remains unchanged.
16	The total Panchayat in EIA and EMP report are 12, why it is now 8 Panchayat.	Change in the scope of the project reduced the number of affected Panchayats as reflected in the EIA EMP.	These are as per actual.

17	No land looser is in the LADC committee	Constitution of LADC is as per the HP Hydro Power Policy 2006 and it is constituted by the Deputy Commissioner concerned. In this exercise the Project Proponent has no say. However, all Panchayat Pradhans of project affected Panchayats are the member of LADC in case of Sawra Kuddu HEP.	The committee for LADC Constituted by DC Shimla and due representation has been given to Pardhans of affected Panchayats. However, there is no provision to give representation to each land loser in the LADC.
18	What is the policy for land looser who has left only 2.5 Bigha and what programme for them, the land should be given in addition to compensation, so that horticulture can be boosted.	It is partly addressed at 8 (iv) above and people left with less than 5 Bighas of land would be declared landless provision for which is covered under R&R plan	As per R & R plan, the losers of land are being given Rs. 75,000/- to 2,50,000/- as resettlement grant in addition to land compensation depending upon the quantum of land left after acquisition of land. As per the standard R&R policy people with left out land of less than 5 bigha (0.38 Hec.) are treated as land less. 31 nos. of people coming under this definition had submitted the affidavits which were got verified from the revenue department and grants disbursed to persons found eligible. Subsequently advertisements were issued in newspapers and also letters written to local panchayats to intimate people regarding the policy provisions. The payments to the tune of 45.23 lacs to 189 Nos. MPAF has been released so far. Some new applications have been received which are being processed for verification from revenue department.

Physical & Financial Progress of Resettlement and Rehabilitation measures

1 <u>LADF:-</u>

In LADF, the total contribution amounting to Rs. 8,37,79,500/- has already been released for the construction Phase.

- 2 <u>ITI Training:-</u> Total 122 students have been sponsored till date (out of which 5 dropped) and Rs. 45,78,103/- released on account of fee & scholarship to ITI students upto 31-03-2021
- 3 Training & Awareness camps:
 - i) School competition:- Total 26Nos. School Competitions were organized and expense of Rs.2,74,606/- incurred upto 31-03-2021.
 - ii) Awareness camps:- Total 33 Nos. of awareness camps were organized upto30-09-2019 and expense of Rs. 14,68,487/-only.
 - iii) CBO Camps: 63 Nos. of Camps were organized upto the end of reporting period with expenditure of Rs.1,23,387/- only.

4 <u>Other benefits of the R&R schemes:-</u>

- i) **Scholarship:-** Till 30.09.2020 scholarship to 338 No. students has been released amounting to Rs. 32,30,400/- only. During this reporting period Half Yearly Scholarship amounting to Rs.2,08,800/- has been released for the Session 2020-21.
- ii) **Sports tournament:-** 12 Nos Sports tournaments organized up to 31-03-2021, the expenditure incurred Rs.3,62,549/-.
- iii) CBO Scheme:- 12,00,000/- released to selected 12 No. of CBOs upto 31-03-2021.
- iv) R&R Grant:- Total Rs.2,80,71,721/- R&R Grant was given to 1261 No. of MPAF's.
- v) **Medical Fund Scheme:-** upto the end of this reporting period Rs.34,19,777/- was released on account of disbursement of medicine, purchase of medical equipments and reimbursement of medical bills (Medical Assistance) to MPAF under this scheme.

Annexure-5 (B)

Benefit analysis (to be enclosed)

The extendation of the economic analysis are based on net present value (NPV). The principal is to consider that the value of money charge with time due to the interest rate. This means, instance at 10% interest with 100 INR today as the same value as 110 INR. When using instance and expenditure during a certain period are re-calculated to discounted to a certain income and expenditure during are added up and the balance become the NPV. The state considered profitable if the NPV is positive at the given interest rate.

4

Internal rate of nation (IRR) is the interest rate that gives a NPV equal to zero. Benefit/cost (RC) is defined as NPV of total income divided with NPV of total costs.

Cost of energy is defined as the required average price per Kwh. Where the net present value endances the net present value of income at a given discount rate (BR).

The following criteria have been used in the economic calculation

A wall discount rate of 9% is excluded.

i) A price level of December, 1995 and no extra cost for interest for interest during

Ho cost value of the plant or major equipment has been considered in the calculation.

Calculation of basis condition :-

Supphil

The cost of energy used are for base power summer and winter 1.25 INR/Kwh and for proceeder summer and winter 2.58 INR/Kwh. The total project cost are calculated 557.19 (mrss (excluding Transmission cost) in the price level of December, 1995. A total capacity of 1965, W will require capital investment of Rs.0.39 lacs/Kw. The annual cost of operation to be internance are calculated to be Ra.557 lacs

		DISCOUNT	<u> </u>
	7%	9%	11%
PNVminimum total cost +	290.64	+120.67	21.86
NPV Cost of energy INR/Kuth	0.96	1.20	1.47

The internal rate of return is calculated to 12.2% and the benefit /cost rate to be 1.37.

Rote of energy for base power is 1.25 and for peak power 2.5 INR/Kwh. yields a positive NPV are on discount rate up to 12.2 % equal to the internal rate of return - The calculation so the cost for energy to be 1.20 BNR Kach and benefit (cost rate of 1.37 at 9% discount rates.

The cost of energy in this case means that using an average rate of energy of 1.20 INK/Kwh balances the total cost during the operating life of the project using a discount rate

SAWRA KUDDU HYDRO ELECTRIC PROJECT (3x37 MW) ENVIRONMENTALCLEARANCE

The Sawra Kuddu Hydro Electric Project (3x37MW) being executed by Pabbar Valley Power Corporation Limited (a company promoted by HPSEB) has been accorded Environmental clearance by the Ministry of Environment and Forest (GOI) as per the provisions of "Environmental Impact Assessment Notification", 1994 & 2006 on dated 17th May, 2007.

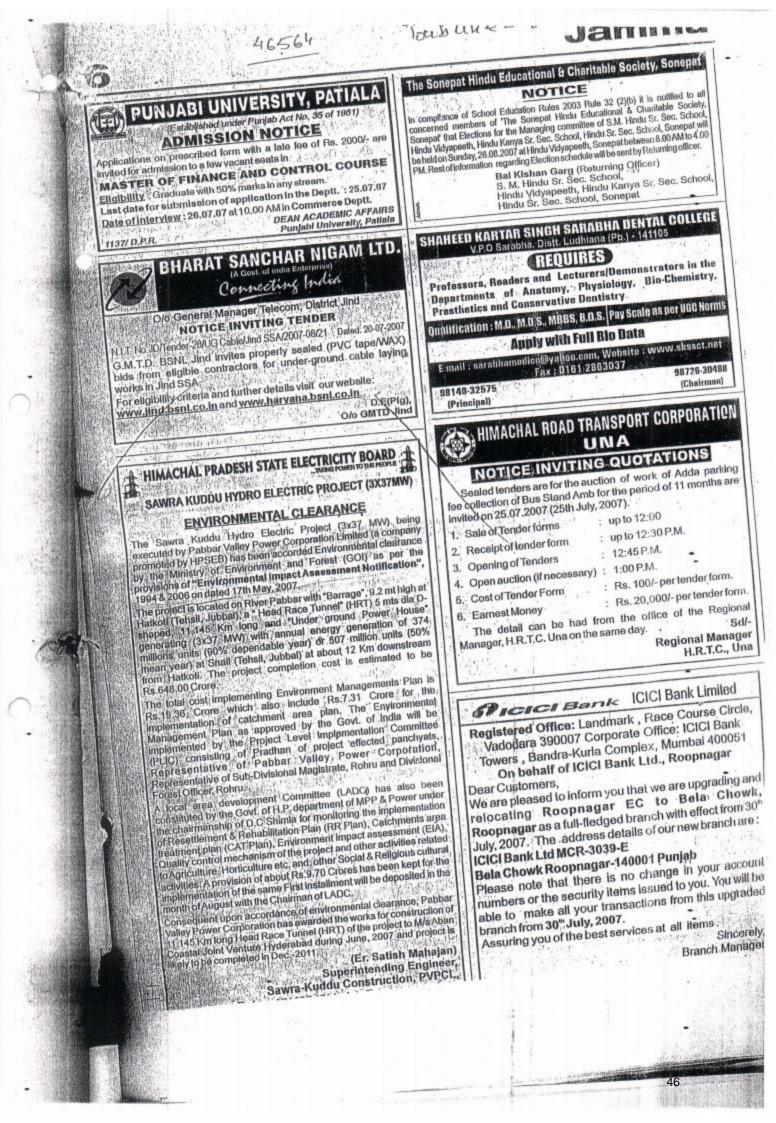

The project is located on River Pabbar with "Barrage", 9.2 mt high at Hatkoti (Tehsil, Jubbal), a "Head Race Tunnel" (HRT) 5mts dia D-shaped, 11.145 Km long and "Under ground Power House" generating (3x37 MW) with annual energy generation of 374 millions units (90% dependable year) or 507 million units (50% mean year) at Snail (Tehsil, Jubbal) at about 12Km, downstream from Hatkoti. The project completion cost is estimated to be Rs. 648.00 Crorp.

The total cost implementing Environment Managements Plan is Rs. 19.36 Crore which also include Rs. 7.31 Crore for the implementation of catchment area plan. The Environmental Management Plan as approved by the Govt. of India will be implemented by the Project level Implementation Committee (PLIC) consisting of Pradhan of project effected panchyats, Representative of Pabbar Valley Power Corporation, Representative of Sub-Divisional Magistrate, Rohru and Divisional Forest Officer, Rohrues A local area development Committee has also been constituted by the Govt of H.P

department of MPP & Power under-the chairmanship of D.C Shimla for monitoring the implementation of Resettlement & Rehabilitation Plan (RR plan), Catchments area treatment plan (CAT plan), Environment impact assessment (EIA), Quality control mechanism of the project and other activities related to Agriculture, Horticulture etc, and other Social & Religious cultural activities . A provision of about Rs 9.70 Crores has been kept for the implementation of the same First installment will be deposited in the month of August with the Chairman of LADC.

Consequent upon accordance of environmental clearance, Pabbar Valley Power Corporation has awarded the works for construction of 11.145km long Head Race Tunnel (HRT) of the project to M/s Aban Coastal Joint Venture Hyderabad during June ;2007and project is likely to be completed in Dec-2011 .

No. J-12011/13/2006-IA.I

Shri. A. K. Awasthi Managing Director, M/s Pabbaer Valley Power Corporation Ltd. Khalini Shimla – 171 002 Himachal Pradesh

Sub: Sawra-Kuddu Hydroelectric Power Project -111 MW (3 x 37 MW) in Himachal Pradesh – Environmental Clearance regarding.

Sir,

,)

This has reference to your letters No.PVPC-MD-SK-Environment/2006-1362 dated 5.10.2006 and 15.3.2007 on the above subject.

The above referred proposal was considered by the Expert Committee for River Valley & Hydroelectric projects at its meeting held on 21-22 February, 2007 and reconsidered on 21-22 March, 2007. the proposal envisages construction of a 9 m high diversion barrage from river bed level across river Pabbar for generating 111 MW hydropower. The power house will be underground. located in Rohru/Jubbal Tehsil of District Shimla of Himachal Pradesh. The project is located about 30 kms upstream of Hatkoti at Tehsil Jubbal of District Shimla to generate 111 MVV hydropower and is a run of the river project. The total land requirement for the project is about 97.62 ha out of which 53.21 ha is a forest land. A total of 24 families are likely to be affected. The height of the barrage is 9 mts which will submerge 50 ha. The total estimated cost is about Rs.648 Crores and the project is to be completed in 52 months.

2. The Ministry of Environment and Forests hereby accords environmental clearance as per the provisions of Environmental Impact Assessment Notification, 1994 & 2006 subject to strict compliance of the terms and conditions as follows:

Part A: Specific Conditions

i) Catchment Area Treatment Plan as has been proposed should be completed in three years. The plan is given below: 48

Treatment Measures	Year-I	Year-II	Year-Ill	Year-IV	Year-V	Total
(I) Biological Treatment	_1	· · · ·	1	1		
Social Forestry	60 ha	60 ha	60 ha	60 ha	60 ha	300 ha
Fuel wood and fodder grass	91 ha	91 ha	91 ha	91 ha	91 ha	455 ha
NTFP	50 ha	50 ha	50 ha	50 ha	50 ha	250 ha
Nursery development	2 No.	-	-		-	2No
Pasture Development	60 ha	60 ha	60 ha	60 ha	60 ha	300 ha
(II) Engineering Treatm	ent		1			
Wire crates	40	40	40	40	40	200 No.
Vegetative spurs	80	80	80	80	80.	400 No.
Contour trenching	20 ha	20 ha	20 ha	20 ha	20 ha	.100 ha
Bench terracing	25 ha	25 ha	25 ha	25 ha	25 ha	125 ha
Catch-water drains	100 ha	100 ha	100 ha	100 ha	100 ha	500 ha
R/W & Check dams	97 ha	97 ha	97 ha	97 ha	97 ha	485 ha

The land holding of project affected persons whose land is being acquired to li) be submitted to this Ministry. If any person/family whose acquired land is more than 70% of the total land holding is identified, such family/person shall be treated as fully affected person for compensation package applicable in such cases will be undertaken by PVPCL.

- A Monitoring Committee for R & R should be constituted which must include iii) representatives of project-affected persons from SC / ST category and a woman beneficiary.
- iv) The commitment made during the public hearing should be fulfilled.

V) The Biodiversity Conservation & Management plan as proposed in the EMP shall be followed in toto.

vii) All the equipment which are likely to-generate high noise levels are to be fully mollified (noise reduction measures)

viii) Consolidation and compilation of the muck should be carried-out in the muck dump sites and the dump sites should be above high flood level

Part-B: General Conditions

- Adequate free fuel arrangement should be made for the labour force engaged (i) in the construction work at project cost so that indiscriminate felling of trees is prevented.
- (ii) depot may be opened at the site Fuel to provide the fuel (kerosene/wood/LPG). Medical facilities as well as recreational facilities should also be provided to the labourers.
- (iii) All the labourers to be engaged for construction works should be thoroughly examined by health personnel and adequately treated before issuing them work permit. 49

-2-

11/13

- (iv) Restoration of construction area including dumping site of excavated materials should be ensured by leveling, filling up of burrow pits, landscaping etc. The area should be properly treated with suitable plantation.
- (v) Financial provision should be made in the total budget of the project for implementation of the above suggested safeguard measures.
- (vi) A Multidisciplinary committee should be constituted in consultation with the Ministry, with ecologists, environmental scientists, conservationists and experienced administrators etc to oversee the effective implementation of the suggested safeguard measures.
- (vii) Six monthly monitoring reports should be submitted to the Ministry and its Regional Office, Chandigarh for review.

3. Officials from Regional Office MOEF, Chandigarh who would be monitoring the implementation of environmental safeguards should be given full cooperation, facilities and documents / data by the project proponents during their inspection.

4. The responsibility of implementation of environmental safeguards rests fully with the PVVC, Ltd & Government of Himachal Pradesh.

5. In case of change in the scope of the project, project would require a fresh appraisal.

6. The Ministry reserves the right to add additional safeguard measures subsequently, if found necessary and to take action including revoking of the clearance under the provisions of the Environment (Protection) Act, 1986, to ensure effective implementation of the suggested safeguard measures in a time- bound and satisfactory manner.

7. This clearance letter is valid for a period of five years from the date of issue of this letter for commencement of construction work.

8 A copy of the clearance letter will be marked to concerned Panchayat / local NGO, if any, from whom any suggestion/ representation has been received while processing the proposal.

9 State Pollution Control Board / Committee should display a copy of the clearance letter at the Regional Office, District Industries Center and Collector's office/ Tehsildar's office for 30 days.

10. The project proponent should advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the vernacular language of the locality concerned informing that the project has been accorded environmental clearance and copies of clearance letters are available with the State Pollution Control Board / Committee and may also be seen at Website of the Ministry of Environment and Forests at http:// www.envfor.nic.in

Dated: 14th December, 2017

To The General Manager

M/s. Pabbar Valley Power Corporation Ltd Hatkoti, Tehsil Jubbal District Shimla Himachal Pradesh – 171 206

Sub: Sawra-Kuddu HEP (111 MW) in Shimla District of Himachal Pradesh by M/s. Pabbar Valley Power Corporation Ltd - Extension of validity of Environmental Clearance - regarding.

Sir,

This has reference to your letter No. HPPCL/GM/SKHEP/Env./2017-3275-77 dated 25.9.2017 on the above subject. The Environmental Clearance (EC) for this project was accorded on 17.5.2017 for a period of 5 years as per the provisions of EIA Notifications, 1994 and 2006. Your request for extension of validity of EC for further 5 years has been examined in the Ministry as well as by EAC in its meeting held on 24.10.2017.

2. It was informed that the maximum validity of EC for River Valley Projects is for 10 years and as per EIA Notification, 2006, a provision of extension of validity of EC for further period of 3 years beyond 10 years is available for River valley Projects.

3. The EAC duly considered the relevant documents submitted by you and have recommended for extension of validity of EC for a period of 3 years. Accordingly, the Ministry hereby accords extension of the validity of the EC for 3 years i.e. from 16.5.2017 to 16.5.2020 to Sawra-Kuddu HEP (111 MW) in Shimla District of Himachal Pradesh by M/s. Pabbar valley Power Corporation Ltd to commission the project with the following conditions:

- i. HP State Forest Department will provide utilization certificate for funds provided under CAT plan and Compensatory Afforestation Programme.
- ii. Component-wise details on funds allocated towards EMP with cost revised to current price level to be submitted.
- iii. Details on total muck generated from the project and total muck utilized and also total land area of muck dumping sites to be submitted.

3×

4. All the terms and conditions of the Environmental Clearance stipulated in Letter No. J-12011/13/2006-IA.I dated 17.5.2007 remain unchanged.

5. This issues with the approval of the Competent Authority.

Yours faithfully,

Scerices

(**Dr. S. Kerketta**) Director
